

## **JOSH AND JACKIE WITTE**

Josh and Jackie Witte are the District 4 representatives from Stover, Missouri. Josh is a third generation poultry and cattle farmer. He raises confinement turkeys for Cargill and runs 150 cow/calf pairs. Jackie helps on the farm when she is not teaching and coaching basketball at Stover High School. The couple just welcomed a fourth generation farmer with the birth of their son Zane on January 13, 2011. The family also raises their own replacement heifers for both the spring and fall herds. The Wittes bale their own hay each summer and use the litter from their turkey barns to fertilize their pasture and hay fields. Josh and Jackie look forward to promoting agriculture to young farmers and ranchers across the state.
